## Eastern New Mexico Medical Center

One of the best reasons for living in or near Roswell is that you can get away from all the commotion of a big city, without giving up big-city healthcare. ENMMC has everything to perform almost any type of diagnostic test, procedure or treatment: cancer care, total joint replacements, cardiac cath, MRIs and CT scans, mental health services, outpatient surgery and endoscopy -- so you don't have to spend your time driving somewhere else. Small town living is healthy.

Our team of excellent physicians and proficient, caring staff are dedicated to providing every patient care, comfort and compassion.

ENMMC's legacy of skilled, professional care began in 1906 and continues today in our technologically advanced regional medical center. In 1995, we moved in to our newly expanded, 230,000 square foot facility. Our 162-bed hospital is a unique model of state-of-the-art care in modern, comfortable surroundings.

Together with our physicians and volunteers, Eastern New Mexico Medical Center employees are committed to serving, with compassion, the health needs of the people in our region. Visit us at: [www.enmmc.com](http://www.enmmc.com)

## Roswell Regional Hospital

Located at 117 E. 19th Street in Roswell, New Mexico, is a 26-bed Acute General Hospital that will provide both In patient and Out patient services to Southeastern New Mexico. Services will include Labor and Deliver, Out Patient and In Patient Surgery, GI Procedures, Imaging, Laboratory, Emergency Services, and Physical Therapy. All 20 of the Medical/Surgical inpatient rooms are private rooms and the Labor and Delivery area includes 3 private birthing rooms and 3 private LDRP rooms with Jacuzzi Birthing Tubs. Roswell Regional Hospital cares about the needs of the patient and will be providing a level of care that surpasses all expectations. We will be focusing on the needs of the patients as well as the education of the patient and family. Most insurances will be accepted and competitive self-pay pricing will be available to those without coverage. Recently, Roswell Regional was Certified by Medicare and is now able to accept Medicare part A and part B patients.
