UNION CROSS INDUSTRIAL CENTER

PROPERTY OVERVIEW

Union Cross Industrial Center, a 99 acre development-ready site, is located in the Piedmont Triad region of North Carolina. The site is in a premium location for industrial development in Winston-Salem, NC and sits adjacent to two of the Triad region's major corporations, Caterpillar Inc. and Herbalife International. Union Cross Industrial Center has successfully completed the certification process from the State of North Carolina as well as winning the Austin Consulting / Duke Energy "Shovel-Ready" Site Designation Award for the Food and Beverage Industry. Phase I ESA, wetlands delineation, threatened and endangered species study, historical and archaeological survey, and geotechnical assessment have been completed. There is already electrical, water/sewage, natural gas, and telecommunication infrastructure located on site.

LOCATION

Winston-Salem is located in the Piedmont Triad region of North Carolina about 100 miles west of Raleigh and 80 miles northeast of Charlotte. It is Forsyth County's largest city and currently the fifth largest city in the state. Many well-known companies are headquartered in Winston-Salem including BB&T, HanesBrands, Krispy Kreme Doughnuts, Lowes Foods, and Reynolds American. Historically, Winston-Salem has been associated primarily with the textile and tobacco industries, although with Wake Forest Baptist Medical Center and the addition of the Wake Forest Innovation Quarter downtown, it is transforming itself into a leader in the nanotech, high-tech and bio-tech fields. Winston-Salem is home to a number of colleges and universities including Wake Forest University, Winston-Salem State University, UNC School of the Arts, Salem College, and Forsyth Tech Community College.
