

Totally Texas. All Business.

Made in Texas... In Gainesville, Texas.

Manufacturing is the cornerstone of the Texas economy, producing over \$218 billion in goods for export each year. Texas accounted for almost 40% of the total US expansion in manufacturing employment last year and no other state comes close. According to the Tax Foundation, Texas has the nation's' fifth-lowest state and local tax burden. The same is true in Gainesville, Texas, located 60 miles north of the Dallas Fort Worth Airport. Over 20% of the population is employed in manufacturing. The Manufacturing Consortium is making sure we have the current talent and the pipeline for future talent.
